

Calling all doctors who do diving  
medicals or who scuba dive

Want to know more about diving  
and/or hyperbaric medicine?  
Why not join SPUMS?

### Aims of the Society:

- To promote and facilitate the study of all aspects of underwater and hyperbaric medicine
- To provide information on underwater and hyperbaric medicine
- To promote communication between members of the Society
- To publish a scientific journal

### Membership

**Full membership** is open to Medical Practitioners.  
**Associate membership** is open to those engaged in research in underwater or hyperbaric medicine who are not medical practitioners; other health-care workers; those in the dive industry and anyone else interested in the aims of the Society.

**Institutional and Student membership is also available**

Membership details, including annual subscriptions for different membership types, are available on the SPUMS website. The Society's financial year is January to December.

complete an on-line application form at:

### Annual Scientific Meetings

Join us for our annual meeting where original research, reviews and workshops investigate the cutting edge of diving and hyperbaric medicine, while keeping you in touch with evolving technical issues.

The meetings usually involve eminent international speakers, didactic presentations, original papers, workshops on specific topics and a full diving programme at prime diving locations in the Pacific and Indian Ocean.. The setting is informal and a great opportunity to meet colleagues with similar interests.

In 2023, the ASM will be held in Cairns:  
*"Diver health and ocean health amid the storm clouds of climate change; a shared vision for underwater medicine and marine science."*

### DIVER EMERGENCY SERVICE PHONE NUMBERS

1-800-088-200 (in Australia; toll-free)

+61-8-8212-9242 (International)

0800-4DES-111 (in New Zealand; toll-free)

+64-9-445-8454 (International)

These services are available 24/7 for all urgent medical diving problems

### SPUMS DIVING DOCTORS LIST

SPUMS maintains a list of financial members in Australia and New Zealand who are available to do diving medicals. To be on this list you must have completed an approved course in Underwater Medicine.

For more information about the **SPUMS Diving Doctors List** go to the SPUMS website at:

<http://www.spums.org.au>

### Diving and Hyperbaric Medicine

SPUMS and the European Underwater and Baromedical Society publish *Diving and Hyperbaric Medicine* (DHM), an on-line quarterly journal of original clinical and physiological research papers, review articles, case reports, technical reports, proceedings from the annual scientific meetings and other educational material.

### Diving and Hyperbaric Medicine

The Journal of the South Pacific Underwater Medicine Society  
and the European Underwater and Baromedical Society

SPUMS

Volume 52 No.2 June 2022

EUBS

### Ultrasound bioeffects

- Self-treated DCI in Finnish technical divers
- Randomised comparison of DCS treatment tables
- Caustic cocktails in rebreather divers
- Pressure effect on orthodontic bracket bonding
- Drysuit seal pressures: a problem?
- Diving fatalities in Queensland, Australia
- Blood pressure in DCS-resistant rats
- COVID treated by HBOT: systematic review update
- Hyperbaric oxygen for Nicolau syndrome
